How To Order!

Ordering from us is fast and easy!

Step 1: Place Your Order Online or Fill Out This Order Form

- Go to our website at www.HomeMoviePreservation.com, place your order, print the order confirmation and include it when you send your media.
- Or fill out this order form and send along with your home media.

Step 2: Gather Your Media

- For home movie film, make sure to label the film in the order in which you would like them to appear on the DVD (i.e. Film 1, Film 2, Film 3, etc). You can write the label numbers on a post-it note and tape it to the media.
- For photos and slides, please place them in the order in which you would like them scanned and wrap them together. For larger orders, make several small bundles of photos/slides and number the bundles in the correct order.
- For additional copies of any tapes to DVD, simply write on a post-it-note the number of *additional* copies (remember, the first copy comes with the transfer service) and tape it to the video tape.
- We recommend putting your media in zip-lock bags and wrapping with bubble wrap to keep everything safe during shipping.
- If you are providing us with an external hard drive or USB flash drive for your media, please make sure to include and securely wrap them with your media.
